

Leilani Neighborhood Watch Newsletter August 2008

Hi Neighbor,

We've had a couple of daytime thefts this past month as well as a 2pm break-in at our Community Center, so we need everyone's help to keep their eyes out for anything unusual in your area.

We launched our monthly community garage sale on August 2 with a very successful turnout, so come buy or sell at the next sale 7-11am Saturday Sept 6 at the pavillion.

We've had several complaints of firearms being discharged within Leilani Estate which is totally illegal, so if you are hunting the many pigs tearing up Malama street near Makamae or Hookupu please use your bow and arrow !

I've received several requests from non-resident property owners asking everyone to dispose of your own green waste and NOT just dump it on your neighbor's property. Establish a mulch pile within your property lines or haul it to the Kea'au recycle.

We would like to distribute this newsletter via email in the real near future so please forward your name, address, and email contact info to :
willingbuilders@hotmail.com asap.

Our next meeting will be August 26 (always the last Tuesday of the month) at 7pm at the community center. Please come and join us !

Community Potluck / BBQ is this coming Sunday, August 24 from 12-3pm. Bring your best dish, throw some horseshoes, talk story, and enjoy the fresh Kalua pig.
