

## Leilani Neighborhood Watch Newsletter—May 2009

Hi Neighbor,

We had another burglary the past month—a laptop computer taken during the late morning hours from a house on Kula street, so be alert of any suspicious visitors or vehicles on your street. Most important, write down the license number of any vehicle you see that might be of concern and call or email us with that # so we can check it out through the police records.

The community CPR training previously discussed has been scheduled for either of (2) Saturdays—May 30 or June 6. E-mail if you are interested in attending and please let us know which day works best for you. It may save someone's life...

The Humane Society has hauled off several dogs through this month but we continue to have too many loose and noisy dogs throughout the community. Attached is the Leilani 'Leash Law' warning letter that is going out to some of our residents that refuse to fence or tie up their dogs as well as the Humane Society pet ownership bulletin for everyone to read. We will continue to be aggressive in dealing with loose and noisy dogs !

We want to distribute this newsletter via email as we move forward, so please continue to send your email contact to : [leilaniwatch@live.com](mailto:leilaniwatch@live.com)
